## **OZARK NURSERY CO.**

TAHLEQUAH, OKLAHOMA

### **PRICE LIST**

DIRECT FROM THE NURSERY TO THE PLANTER

**WE** HAVE adopted the mail order plan of business and in this Price List we are giving you the agent's or dealer's profits, which reduces the cost of your Nursery Stock about fifty per cent.

In other words, we are pricing you for \$1.00, the same amount of trees, and as good ones as the tree dealer will sell you for \$2.00. All reliable agents or tree dealers charge you at this rate because they have to get about double to pay expenses, take care of the bad orders and make a profit for themselves; and a great many crooked ones make you pay four or five times its worth for very poor stock.

If you want to buy your trees for the least money, why not send your order direct to us and pay only your own bill?

Our terms are cash with the order.

We pay the express on all orders of \$10.00 or more. On orders of less than \$10.00 we pack carefully and deliver to Freight, Express or Post Office. See Parcel Post table on back page to find how much to send for postage.

If you are not entirely satisfied with your stock when received return at our expense and get your money back.

If you want the benefit of these prices send your order direct to us; dont give it to an agent and expect the same quality of trees at the same price.

## SWEET POTATO SLIPS

We offer Sweet Potato Slips at the following prices for delivery on or after the 20th day of April.

|                                      |                                       |
|--------------------------------------|---------------------------------------|
| 100 Delivered by Parcels Post 40c    | 1000 Delivered by Parcels Post \$3.00 |
| 500 Delivered by Parcels Post \$1.60 | 10000 ..... Write for prices.         |

Last year it was impossible for us to fill more than half the orders we received, and of course first come first served, if you want to be sure of your slips, order them early, avoid the rush, and give about the date you want them sent out. This is important, because the great demand for men in the war, and high price of labor, is as sure to cause a shortage of potato slips as it has of everything else.

We will have more than ever before, but our list of customers have doubled each year, due to the fact that we puddle each 100 slips, wrap it in a separate piece of paper, stamp the name on them and guarantee them to arrive in good condition.

About the middle of June the rush lets up, the price goes down, and we have large quantities of good slips on which we will be glad to quote you low prices if you will write about that time, Sweet Potato Slips do well on stubble land.
